### A Full Time Weatherman!

No more emphatic demonstration of the need of a full time weatherman in the Glades is needed than the dramatic near miss of Donna—the whirling, pushing, pulling and stomping female of vicious and unpredictable proclivities, spawned in conflicting weather.

Generally, old-timers of the Glades have full-grown respect for a tropical hurricane, and through their own devices gained by experience, plot on maps and mentally the probable course and severity from official bulletins of the weather bureau—and take necessary precautions.

There are, however, constant additions and changes to the population around the Lake, where recollections and reports of '26 and '28 hurricanes, give reason to wonder about any threatening blow, for personal safety.

Public calm, rather than panic, is the objective of all agencies dealing with these destructive weather step-children. To secure calm and prevent panic, the public must have frequent reliable information from a source in which they have implicit faith.

The economic stability of the Nation's winter vegetable garden—the Glades—is most sensitive to weather conditions, particularly from seed-beds to the last harvest in late spring.

So, for two reasons: (a) the protection of life and home and (b) the stability of the economy of the area, more than 50,000 folks around the Lake, should have the privilege of modern scientific weather information, prognostication and interpretation.

We, therefore, suggest a cooperative request by all communities around Lake Okechobee for the assignment of a qualified weatherman. FULL TIME. To gather, compile, interpret and disseminate weather information as it may affect Glades persons and properties.

The Keys and the Cold Coast were served "beyond the call of duty" by radio, television and newspapers with detailed information, interpretation, and suggestion, based on weather bureau reports.

How about you and me?

### "YOUR LIFE'S RECORD"

The hometown newspaper—the changing and setting of the sun—is a vital part of our everyday living.

A letter to the editor of the Grundy, Iowa, Register, brings this point home. It said: "You were here over 30 years ago, and you will find in the files of your paper a record of my birth. Your paper also had stories when I played football in school. When I graduated and later when I got married. You have recorded many anniversaries in our family, the birth of our four children, their activities in school and elsewhere. And in late years you have reported the arrival of our grandchildren. Why, you and your paper have written and printed a life history of our family. And why shouldn't we look upon you and your paper as a member of our family?"

Yes, the local newspaper is the recorder of the life of a community—business, personal, political and national. Being a constant subscriber is a good habit to acquire because the local paper isn't self-perpetuating as is the case. It needs your support even as the community needs its service.

### Mechanized Processing Of Fibers Shown By Films To USDA Club

The Everglades USDA Club resumed its monthly meeting September 14, 1960 in Belle Glade after a summer hiatus. Robert E. Hellwig, Chairman of the Club's Membership Committee, was transferred to Titon, Georgia on July 1, 1960. Bob, an agricultural engineer, came to the Everglades Experiment Station in 1954 from Orville, where he was employed with the Belt Corporation. At the Everglades Station he worked on all phases of fiber processing, especially on ansevieria plant and kenaf harvesting and washing machinery. He is currently working on machinery for pelleting Coastal Bermuda Grass. Bob, a member of the club, was missed very much by the many friends in the USDA Club, the fiber was decorticated.

Guests attending the meeting were George Van den Bergh, Agronomy Advisor to the Department of Agriculture, for ICA, Colombia, and Donald H. Alexander, Regional Director of the Plant Pest Control of AHS from Coral Gables, Florida. A new member joining the group was Jim Gifford, Entomologist, transferring from Titon, Ga., to Canal Point. Mr. Gifford, replaced D. D. Quisenberry, who retired in 1959 from the Everglades Experiment Station. Mr. Tom Breager, Sugarcane Physiologist Emeritus, was elected as an honorary member in the fall. Dr. Breager, a former staff member at the Everglades Experiment Station, retired in 1958.

Members attending the meeting were as follows: Carolyn Glover, Irene O'Neal, Miss Ryan, Don Fisher, H. Whittemore, Jack Little, Virgil Bracker, Griffin Bell, Frank Joyner, Doug Wilson, W. Green, Ed Todd, Bascom Belcher, Weldon Cardin, Robby Walker, Growers.

### Service Column

PPF James A. McNeill, with the 82nd Airborne Division Signal Corp., based at Ft. Bragg, N. C., is visiting his uncle and aunt, Mr. and Mrs. R. E. Watkinson, this week. He will leave Sunday to spend two weeks with his parents, Mr. and Mrs. J. R. Watkinson, at Chipley, Fla. He completed his jump school training, Griffin Bell, Frank Joyner, Doug Wilson, W. Green, Ed Todd, Bascom Belcher, Weldon Cardin, Robby Walker, Growers.

### Mrs. Glenn Smith Back From Europe

(Mrs. Smith tells highlights of her European tour sponsored by the United States Department of Agriculture the past summer. Twenty-six people composed the tour.)

The crossings each way were without incident except that Donna was still blowing as we landed in Ireland and we were among the first planes to land on our return. On arrival in Brussels we were met by motor coach and went to the Hotel de Aachen in Germany and to Cologne—at the hotel we had our first real introduction to German food and their beer—water was not placed on the table and we were told it was unsafe until we got to Rome.

We continued via Bonn to Cologne along the Rhine to Wiesbaden—we were scheduled to go by steamer but the weather was against us so we took a rainy, but we did much better to see the castles by bus. Our stop in Heidelberg was short, went through the Heidelberg Castle and school, stopped shortly at Stuttgart as we pushed on to Berlin. Our last stop was the Passion Play was showing. We left Austria via famous Brenner Pass into Italy, the trip was scenic. Venice was our first main stop in Italy and we spent the night in Venice. The next morning we went to the Piazza San Marco, the smallest republic in the world, high up on a mountain. At Assisi we visited the famous Cathedral of St. Francis. The handwork of the native women did, was most distinctive.

In Rome we stayed at the Caesar Augustus Hotel. It was new and would compare well with American Hotels. The city was all decked out for the Olympics, banners, flags and people from all over. The weather was warm and pleasant in Italy—but not as hot as Belle Glade. Rome was interesting but very expensive—I liked Florence as it was picturesque and more friendly, certainly a better place to shop. Our bus left us at Pisa so that we could climb the tower but after climbing the tower of seven flights I gave up, as there were no railings and looking down was too much for me.

Going along the Italian Riviera was beautiful, but the French Riviera was fabulous—I'm sure the prices were too high. We were in Nice on Sunday where I attended church. One afternoon was spent in Monaco Monte Carlo. On to Switzerland the scenery was beyond verbal

description but the road? The big bus could hardly go around the hair pin curves with out backing up several times. The next stop was Switzerland and the group decided they liked Lucerne better than any other place on the trip. We took a steamer trip across the Lake of the Four Cantons—and then took a cog-wheel railway to the top of Mt. Pilatus. It was cold and damp and the highest I had ever been on terra firma. In the Netherlands the houses and barns were built on a very high ridge and were in several other countries. There is only one Paris, but after going the rounds once, that is the place of all Europe that I want least of—food and accommodations are rough for people with average budgets. We had tours of Champs Elysees, Eiffel Tower, Arch de Triumphe, the opera, Notre Dame Mornette, then instead of spending the night at our hotel, getting much needed rest we took a night club tour. Only Paris could have such show.

Our last break was in Amsterdam. After a trip to The Hague then to London to Shakespeare and blankets from then on to London—there they were having a heat wave. It had been cold all summer and now it was up to 80. We had the usual trip from London to Sharmel's home, Oxford, U.S., Warwick and other Castles. I took quite a bit of time on the change of the guard at Buckingham Palace. We started for home Sept. 12, a stop at Sherman Airport on the way back and Canada on the way over brought the countries we touched up to 14. The nicest thing about any trip is getting back home and my long anticipated trip is now just a memory.

My sincere greetings to everybody!

Your truly,  
Elma Osking

Dear Kathleen:

Joan White has been subscribing for the Belle Glade Herald for me, but that I should do myself this year so that I could tell you how very much I enjoy reading about all my dear friends in Belle Glade. It's no wonder you keep posted on their activities and every time I receive the paper, I'm back again for you for the day. I found it a friendly spot full of gentle and understanding people. And do hope to see you this winter when the snow flies and we start shivering in our boots.

My sincere greetings to everybody!

### Letters To Herald

Jacksonville, Fla.  
Sept. 10, 1960

The Belle Glade Herald  
Belle Glade, Fla.

Dear Mrs. Matheson:

Enclosed is a check for three dollars for our renewal of the Herald. While we are many miles away and are very happy in our new home, we often think of our fine Belle Glade friends. We look forward to the arrival of the paper each week.

If it isn't too much trouble, would you please send me a copy of the last issue as I did not get it. Dr. Scott joins me in the best of wishes to you and all of the others in the Herald Office. We shall always be grateful for your kindness to us.

Sincerely,  
(Mrs. J. Leighton) Sabra Scott

## BG Kindergarten Begins 12th Year

Another successful year has begun at the Belle Glade Kindergarten in its 12th year. The kindergarten is sponsored by the Woman's Club of Belle Glade. The school is held in the Episcopal Sunday School Building and is equipped with modern furniture. All supplies are furnished the children. Children are taught under the capable guidance of Miss Myrtle Gilman, assisted by Mrs. Hagan Powell and Mrs. Joe Cassell. Mrs. William Thibault is chairman of the Kindergarten Committee. Students attending are Edwin

# The Woman's Page

All social notes and items of social interest should be communicated before noon Tuesday to insure publication the following Thursday.

## Xi Beta Gamm Practice Tips On "The New You"

Mrs. Francis Cross initiated the first of a series of programs on "The New You" at the Xi Beta Gamma Club meeting held at the Sigma Phi Sorority held at the home of Mrs. Lorenzo Connell, Thursday, September 16. Demonstrations and tips on how to achieve "The New You" presented by the members after which appropriate weights and measurements were taken of each member to be referred to at the end of the program series. The hottest served a "low calorie" dessert in keeping with the program.

During the business meeting, Mrs. Cross, Social Chairman announced that a bowling party followed by a steak supper at the home of Mr. and Mrs. William Graber would be held September 30. An election party is set for November 8 at the home of Mr. and Mrs. O. G. McWhorter. Other socials outlined for the year were a Secret Sister party, Christmas party, trips to the Palm Beach Playhouse and Ice Palms, a buffet supper, Founder's Day banquet and the annual May Dance.

Gift of the Year, Mrs. O. G. McWhorter, gave interesting highlights of the Beta Sigma Phi convention held in Miami Beach in June which she attended as the official representative of Xi Beta Gamma Chapter.

Other members present were Mrs. Frank Anderson, Mrs. Ned Ayres, Mrs. Tom Baker, Mrs. Milton Carpenter, Mrs. William Graber, Mrs. Eddie Jones, Mrs. Louise Kirchman, Mrs. Earl Lindorse, and Mrs. George Pierce.

## New Arrivals

Sept. 13: Mr. and Mrs. James Pinegar (Lucille Brannan) Bassinger, Fla., announce the birth of a daughter at Belle Glade Memorial Hospital.

Kenneth Wayne Henderson, Belle Glade will be Mr. McKinnon's best man and Donald Wayne Edwards, Pahokee, and Buddy Harrell of Bean City will be ushers. Mark Wright of Fort Mayaca will be ring bearer.

Following the ceremony a reception will be held at the Pahokee Woman's Club.

Marian Boynton of Adele, Ga., visited recently with Mr. and Mrs. Bob Lanier. He is Mrs. Lanier's cousin.

Pete Kirchman son of Mr. and Mrs. A. E. Kirchman is attending Jones Business College in Orlando.

## Karlene Halle Is Graduate Nurse

Miss Karlene Halle, daughter of Mr. and Mrs. Edward E. Kaugh, graduated from St. Mary's Hospital School of nursing in West Palm Beach. The graduation exercises were conducted Sept. 17 in the hospital chapel.

Miss Halle, a former resident of Belle Glade attended Belle Glade High School, graduating with the class of 1957. She has accepted a position on the nursing staff of St. Mary's Hospital and plans to take state board in November and complete her education with two years at the University of Florida, Gainesville for her B. S. degree.

Among those attending the exercises from Belle Glade were Miss Lola Anne Binkley, Mrs. R. E. Watson, aunt of Miss Halle, and also PFC. James A. McNeill, Ft. Bragg, N. C., who is here on leave.

Miss Linda Gail Pearce will be maid of honor and bridesmaids will be Mrs. Sherry Humphries, Mrs. Virginia Walcott and Miss De Carver of West Palm Beach.

R. A. Cameron, Jr., will be his brother's best man and the bride will be Randy Forster and Billy Ray Evans.

Pandy Buss will be flower girl, for her sister's wedding. All friends of the couple are invited to the wedding and the reception following at the Army.

## Beta Xi Chapter Discusses Project

The project for the coming year was discussed at the first meeting of Beta Xi Chapter of the United Nations held at the home of Mrs. Ted Roman, president.

Among other business, the budget for the year was presented by Mrs. William Rhodes and the group voted to send a donation to the United Nations Center.

Mrs. Robert Abel will take over the duties of vice-president, left vacant by the resignation of Mrs. Jess Livingston. A billing committee for the year were announced as follows: Program: Mrs. Wendell Wells; Membership: Mrs. Robert Abel, chairman, Mrs. Robert Davis, Mrs. William Rhodes; Social: Mrs. Charles Burkett, chairman, Mrs. Jack Hollingsworth, Mrs. Howard Hill; Ways and Means: Mrs. Sam Knight, Mrs. J. W. Altman; Service: Mrs. Vera Jones, chairman; Training: Mrs. Kicklighter; Contact: Mrs. J. W. Altman; Parliamentarian: Mrs. William Rhodes; Publicity: Photographer and Historian: Mrs. Mendal J. Luce.

After the dining lunch, the twelve members present enjoyed cake and coffee served by Mrs. Roman.

The social for the month will be held Saturday evening at the home of Dr. and Mrs. Howard Hill, and the next meeting is scheduled at the home of Mrs. Hill. A double program will be given by Mrs. Robert Abel and Mrs. Vera Jones.

## Surprise Shower Fetes New Bride

A big surprise awaited Mrs. Eugene Phillips, recent bride, when she opened the door at the home of Mrs. Erle Fessenden to play bridge. She found out it was a bridal shower and in her honor.

The shower theme was carried out with a red and white umbrella, decorated with green and white streamers and a wedding bell, holding the gifts. Floral arrangements of pink gladioli, white mums and orchids were used about the room.

The refreshment table decorated with a lace cloth held a white cake decorated with white roses, and inscribed "Congratulations" and a crystal punch bowl, entwined with red hibiscus.

Mrs. Garner Parrish won the game prize and Mrs. Palmer January the door prize. The honoree was the recipient of many lovely and useful gifts.

Guests were Mrs. E. P. Morris, Mrs. W. M. Woods, Mrs. E. D. McSwain, Mrs. Rosa Nash, Mrs. C. M. Clarke, Mrs. Palmer January, Mrs. Faye Greer, Miss Diane Hawkins, Mrs. George Goforth, Mrs. Rachel Rodgers, Mrs. Ella Vein Betner, Mrs. Betty Lewis, Mrs. Garner Parrish, Mrs. Mary Richmond, Mrs. Carol Smith, Mrs. Carol Van Landingham, Mrs. Dorothy Jones, Mrs. Dot Keese, Mrs. Janice Goforth, Miss Vicki Lynn Betner.

Hostesses were Mrs. Lorie Fessenden, Mrs. Laura Mae Fessenden, Miss Lela Mae Fessenden, Mrs. Wylene Lockhart and Mrs. Ruby Greer.

4-H's To Bake Cakes For Display October 1

Interested 4-Hers of Palm Beach County are planning to display cakes Oct. 1st. Cakes will be made by the girls on Saturday morning and will be on display at the Mounts Building beginning at 2:30 p. m.

The cakes will be on display on the cake she will wear an old fashioned dress and act as hostess at the Home Show in West Palm Beach the week of Nov. 21st. She will be given an engraved loving cup and have her picture in a pilgrim outfit in the papers.

Cakes made by the 4-H girls must be made by an old fashioned recipe not a cake mix and must be some Florida fruit in the batter or on the frosting. Fruits that may be used include bananas, coconut, orange, lemon, guava, pineapple, or any other fruits grown in Florida according to Mary Todd, Home Demonstration agent.

## Philip Shera Lucky In Plane Incident

News of a miraculous escape from a nearly fatal airplane experience reached Mrs. Glenn Smith while in Europe. Her son Philip C. Shera was returning to an island in the Caribbean, about sixteen hours after his wedding at St. John's Episcopal Church here, when the small private cargo plane developed serious engine trouble over the Gulf of Mexico.

The pilot ordered the cargo jettisoned to be able to keep enough air buoyancy and make it into Cozumel, Mexico. Phil wrote "I looked pretty bad for us for awhile. We were over water more than two hours with one sputtering engine."

## Randolph Livingstons Residing In W. P. Beach

Mrs. and Mrs. Randolph Livingstons, who were married in West Palm Beach in June, have returned from a wedding trip to Warsaw, Wisconsin, and are making their home in West Palm Beach. Mrs. Livingstons has officially opened his bonding agency there, but is still maintaining his Belle Glade Office.

Mrs. Livingstons, the former Gloria Zastava, was employed by the Florida State Employment Service here.

Mrs. Richard Townsend and Mrs. A. B. DeGraw are having checkups at Duke University Hospital, Durham, North Carolina. They expect to return next week.

Mrs. Kathleen Livingston and Son, Neal, visited her daughter Joan Cook in West Palm Beach Sunday.

## Belle Glade Personal Notes

Mrs. Sude Burch, who has been chaper at Dixiana, has taken over her old job again and is now in charge of the kitchen. She is working from 2 p. m. until 12 p. m.

Mrs. and Mrs. Frank Morris, accompanied by her mother, Mrs. Jane Voul have been vacationing for almost three weeks returning last Wednesday. On their trip to Havlan, Ky., to visit Mrs. Morris' cousins, Dr. and Mrs. H. Rowland and returned via the Smoky Mts. visiting points of interest along the way. At Brevard, N. C. they spent several days and were overnight guests of her brother at Atlantic Beach near Jacksonville.

Mrs. and Mrs. H. V. Draa spent the weekend with their daughter and family, the E. S. Woldons, after taking their son Dewitt back to University of Florida, where he is entering his sophomore year.

Mrs. and Mrs. J. O. Horton and family of Thomaville, N. C. have moved here and are residing at 631 S. E. 2nd St., Mr. Horton is assistant manager at the Kwik Check.

Newcomers to Belle Glade from Miami are Mr. and Mrs. Joe Boyd and daughter. They live at 513 S. E. 2nd St., and are friends of Mrs. and Mrs. J. Greer of this city. Mr. Boyd is operating a filling station in South Bay.

Mrs. and Mrs. Otis Hayes have recently returned home after spending the early summer in Georgia and the latter part in Pennsylvania for the peach season.

Mrs. and Mrs. Felton Pittman and two boys returned Friday from Maryland where they spent the summer.

Mrs. and Mrs. Andrew Mollo adopted a new baby son and he came to live with them Sunday. He is four and a half months old, has blue eyes and brown hair. Their two daughters are very happy to have a brother in the family.

Mrs. J. K. Baker was released from the hospital this week and is improving daily.

Mrs. and Mrs. Thur Levy and daughter, Debby of West Palm Beach have moved back to their home at 409 N. E. 1st St.

Mrs. Milton Geise and Mrs. Paul Kirchman are attending a sewing course presented by the County Home Demonstration Club at the Mounts Building West Palm Beach each week. The course lasts from five to 10 weeks and features making a basic pattern to fit yourself. On completing of the course they will demonstrate to the local club.

Mrs. Esta Lamb of Boynton Beach is visiting her mother and family Mr. and Mrs. Howard Lamb.

Guests of Mr. and Mrs. E. C. Mapp arriving Friday and returning Sunday were his son and family, Mr. and Mrs. Elmer Mapp and Dirk of Titusville Beach.

Mrs. and Mrs. Bob Murray and sons, residing in Avon Park for almost a year, have moved into their home in Belle Glade and are happy to be back.

Friends of Ralph Marotta will be glad to know he is getting along fine and is responding to treatment at the Lantana Hospital.

Mrs. and Mrs. Andrew Mollo adopted a new baby son and he came to live with them Sunday. He is four and a half months old, has blue eyes and brown hair. Their two daughters are very happy to have a brother in the family.

## Salute to FLORIDA COUNTIES

### MONROE COUNTY

County Seat, Key West

OVERSEAS HIGHWAY

Once a base for Spanish adventurers and pirate crews, Florida's southernmost county is one of the original six formed in 1822. It is famed for its wide and unparalleled fishing and trout-free climate. One overseas highway that leaps from island to island is the engineering marvel that literally paves the way to rich vacation and fishing grounds throughout the Keys. County Seat, Key West, is located at the end of the rambling islands on an island 3 1/4 miles long and 1 mile wide.

In progressive Monroe County, and throughout Florida, the United States Fish and Wildlife Service works constantly to maintain the sale of deer and also under pleasant, orderly conditions. That strict law enforcement serves the best interest of the people of Florida, the Foundation stresses cooperation with the Armed Forces, law enforcement and governing officials.

# These Lovely Lasses Are Our Belle Glade Majorettes

Winsome Pat Anderson, head majorette, (right) with her six charming baton twirlers, gave a splendid performance at last Friday night's game. The girls — Cherry Bridges, Betty Hall, Ginger Crichfield, Helen Cherry, Carol McClure and Sylvia Scott, near rhythm perfect in their maneuvers, evidenced that summer vacation has played little havoc in their skills.

Pat's long blonde crowning glory is this year enhanced by a gold sequin covered costume, moulded to her swish figure. The majorettes' costumes similar in design, are made of blue velveteen fringed with sequin stars and streamers.

We'll wager no set of majorettes from any other school will outshine ours . . . just check and see!

## School Lunch Week

### Parents Are Invited To Open House Held At School Cafeterias This Week

All county schools in this area are participating in the first annual School Lunch Week in the state of Florida this week. All parents or any one interested are invited to the school cafeterias to see the preparation of the food, how it is served, and the programs put on by some of the schools.

Only Type A lunches are served. Milk; Friday: Tuna Fish vied in the Palm Beach County or Ham Salad, English Peas, School lunch department and Buttered Potatoes, Bread-Butter, although costing only 25-35 Milk, Vanilla Pudding. With cents, each lunch provides a delicious menu the child-third to half of the pupil's daily needs should be well fed, healthy nutritional needs, according to experts.

Mrs. Jane Laning, supervisor and Mrs. Elizabeth Pierce, assistant supervisor. This type lunch is used by all schools participating in the national school lunch program in order to be eligible for reimbursement from the United States Department of Agriculture. The school lunch program also greatly benefits the state's economy by using large quantities of farm products and fruits.

Gov. Leroy Collins has issued a proclamation stating Sept. 19-24 as School Lunch Week in Florida. The purpose of the observance is to try to increase participation in school lunch programs and to urge all citizens especially parents of school children to learn more about the program and to give it their active interest and support.

Trained personnel in this area are planning well balanced meals served attractively. These lunches in today's schools are as important as the classrooms, help the child to acquire a habit of eating a well balanced meal, table manners, to eat unfamiliar foods and gain a better understanding of values of nutrition.

At the Belle Glade Elementary School, the cafeteria manager, Mrs. Lorraine McTaggart announces the lunch menu for the last two days of the week. Thursday's menu consists of: Meat loaf, tomato catsup, Buttered Potatoes, Bread-Butter, half pint of Milk; Friday: Tuna Fish Salad, Chicken, Canned Peas, Gingerbread, Lemon Popover, Bread-Butter, half pint of Milk.

At Belle Glade High School the Home Ec class made up the menu this week for Mrs. Doris Binkley, manager. Today's menu is Chicken and Rice, Lima Beans, Pickled Beets, Tossed Salad, Bread - Butter Blueberry.

## Curriculum At Belle Glade High School Broadened By Addition Of 4 Subjects

Another of Belle Glade High School's "growth projects" materialized this year with the addition of four new courses, offered for the first time in Belle Glade, Principal Pellen Morris announced.

"We're striving continually to broaden the curriculum of our school to better meet the needs of our students and the community," he said. These four new subjects, P. S. S. C. Physics, Home Economics III, Agriculture III and a course in drawing in the Industrial Arts Department, afford special areas of study particularly designed for Juniors and Seniors.

A brief outline and explanation is submitted by the teachers of each of these four classes:

**P. S. S. C. PHYSICS**  
By W. R. Groover

A new concept of high-school physics was introduced in 1957 by a group of professors from MIT, the Univ. of Chicago and others in an effort to attain a more meaningful course of study. The founders assumed the title, Physical Science Study Committee and set as their aim the planning of a course which would present in a logical and

closely correlated study the major developments in the field up to the present time, and which would present physics as a field of mental and cultural growth and a part of present-day activity and achievement.

To accomplish this objective a complete revision of the traditional approach to physics in high school was required. The new approach involves presenting the course in such manner that the student may learn by something more than merely authoritative statements. The course is designed to offer an analysis of an atomic picture of the universe. No attempt is made to duplicate all the discoveries in physics, but in contrast, the student is given, through research and experimental analysis, the opportunity for personal discovery.

Although the program is still considered to be experimental in nature it has received wide acceptance. The combined efforts of various universities within the state of Florida have provided specialized training for teaching personnel and approximately 90 percent of all physics students enrolled in Florida high schools during the current year will be enrolled in the new course.

**AGRICULTURE III**  
By S. S. Lovell

Agriculture III is being offered this year as an advanced course for students having interest in some special phase of agriculture. Special emphasis is being placed on Management and its various aspects; such as Financing, Type of Records to Keep, Methods of Purchasing and Selling, etc. for it will depend on the individual's ability in these areas to be successful in the Business-world of today. Special emphasis will also be given to advanced Farm and Shop Practices of this area. Students are being given a

choice to select their choice of study for approximately four six-weeks periods from subject matter listed but related to the aims and objectives of the course. The balance of the year will be spent studying required lessons in Management.

This course differs from previous Ag III, curriculum in that it better meets the interests of the students enrolled by allowing some choice of subject matter and that, in addition to regular classroom studies, out-of-school visits are required to co-operating farmers and Agriculture Businesses. These visits are planned in order to acquaint the student with the practical application of his studies and to realize the importance of learning the subject matter offered.

**By W. F. Burke**

The Industrial Arts Department of Belle Glade High School is offering a new course in drawing this year.

The course is planned to give the students a greater insight into the professions of Engineering and Architecture.

Emphasis will be placed upon the skill of actually making drawings in both fields, being able to read and understand drawings, and last, but certainly not least, the importance and basic use of mathematics in practical situations.

This course is designed for students who are considering the Engineering Professions as their future career.

**HOME ECONOMICS III**  
By Hazel Littlefield

Home Economics III has been added to the Curriculum of the Belle Glade High School this year 1960. This is a course designed to meet the needs of Junior and Senior girls. The course will cover four areas: Food and Nutrition. The foods unit will be concentrated around "Cooking For Two", Nutrition for the

family, planning, cooking, buying, serving and storing of food. Some time will be devoted to entertaining friends, what we need to know about eating away from home and the advantages and disadvantages to "Convenience Foods."

"Clothing the Family" is our second Unit. We will be concerned in this area with how to select clothing that is attractive and becoming to the individual family members, how to the family clothing dollar, how to care for clothing, and how to store our clothing correctly. Correct laundering methods for the Synthetics will be stressed. Each girl will construct some garment to be worn by some of her family members. We would like to make a garment from something Old in this unit.

"Dollars and Sense" which is our third unit will cover such topics as: How are we influenced in our buying? What are family resources? How do we spend the family dollar to achieve happiness? What methods can we use to pay for purchases? How can the family plan for security, and how can we adjust our income to meet the changes in the life cycle?

Repairs of Household furnishings and equipment will be taught by Mr. Burke our Shop Teacher. I will in turn take his boys for a short unit on many topics. Color in dress, Dress for the occasion, Table manners, Restaurant etiquette, introductions and several lessons on Outdoor Cookery.

This year we have 21 girls registered for the course.

Custom Furniture and Upholstery  
YUkon 2-5831 Clewiston, Florida

We're Just Waiting For You To Call . . .  
Yes, we at Van Cothern's Custom Furniture and Upholstery in Clewiston are waiting for your call. We are prepared to offer you the very best in furniture and automotive upholstery. We will pick up and deliver in one week if you so desire. There is no long waiting, we are equipped and ready to serve with the most complete upholstery and seat cover shop around the lake. We will even go so far as to loan you furniture while yours is in our shop. We are striving to make our service as convenient as possible.  
Just call YUkon 2-5831 and we will shortly have a representative at your door with a complete line of samples, many of which we carry in stock. All our work is guaranteed. For a sample of our workmanship we invite you to stop in our shop and showroom anytime, located on the main street in Clewiston, 514 E. Sugarland Highway. Our prices are reasonable, our service excellent, our workmanship superb. We only ask that you give us a try. Your best friend won't recognize your old furniture.  
We also build custom made seat covers while you wait. We have a complete stock of automotive fabrics. Seat covers are tailored to your car, they have to fit. You select the material, we will do the rest.  
Beside furniture and automobile upholstery, we offer custom, bedspreads, coverlets, custom made sofa-beds, chairs of all types, foam rubber of all sizes, and various other items too numerous to mention. If there is anyway that we can be of service to you, don't hesitate to call, for there's no obligation, no extra charge for pickup and delivery.  
Remember Van Cothern's if you care enough to want the best. The number is YUkon 2-5831.

## NEGRO NEWS

### "Bobcats" Thump Green Waves 20-6

Lake Shore High "Bobcats" unseated a startling offense, succeeded in blunting Fort Myers strong running attack and smothered Fort Myers 20-6 before four hundred blood hungry football fans Friday night.

George Golden, a 170 pound senior halfback, was the big gun in a Bobcat attack that gave Lake Shore the much wanted victory. Golden scored all three of the touchdowns, and one extra point. But Golden wasn't the only factor in the "Bobcats' dazzling display of offense during the game. The tackling of James George, the passing of running of quarterback James Johnson, and the sharp blocking of Charles Deaton all played a major role in thumping the Fort Myers Green Wave.

Coach Irvin along with the coaching staff said that team blocking was only seen in spots and is much needed and desired.

Fort Myers got its only touchdown, in the opening seconds of the first quarter.

The "Bobcats" will take on the strong team of Roosevelt High School of West Palm Beach on Saturday night, October 1, 1960.

Fort Myers 0 0 0 0  
Lake Shore 20 6

### Local Negro Woman Faces Murder Charge

Sara S. Harmon, Belle Glade negro, was charged with second degree murder in the August 27 fatal shooting of Victor S. McKnight, 28, negro of South Bay, a bystander, who got in the way of bullet fired to frighten her common-law husband, Daniel Allen, Negro Belle Glade, according to the county solicitor.

The victim was shot in the head and died the next day at West Palm Beach Hospital. The shooting occurred at a local bar in the Negro section.

BOB DAVIS, (right) of Bob Davis, Inc. Buick dealership in Belle Glade, and Edward C. Kennard, general sales manager of Buick, examine an engine block at the Buick plant in Flint, Mich., where he previewed the 1961 Buick and inspected the new assembly plant for producing the new Buick Special. The small car Buick will introduce next month.

### New Selective Service Procedure Will Better Tally Emergency Manpower

New procedures to identify men who would be qualified for military in an emergency, have been put into effect by Florida Selective Service local boards.

Colonel Harold C. Wall, Florida Selective Service Director, has announced. The new procedures have been adopted on a national basis.

These men will no longer be placed in Class IV-F, Colonel Wall said. It is expected that Selective Regulations will be amended to provide in the near future, a new Selective Service classification for men not accepted under current standards, but who are available and who would be qualified in an emergency, the State Director added.

Until the contemplated changes in the regulations are adopted, those men the local boards would qualify in an emergency will keep their current classification. Local boards will continue to place in Class IV-F those men the Armed Forces are seeking.

### Omicron Chapter To Meet

The Omicron Chapter of Sigma Xi Fine Arts Sorority will hold its first meeting of the season at the home of Mrs. William Mason at 8 p. m. Monday, Sept. 26.

### Don't Hoot At The Owl He's Man's Benefactor

Studies of owl food habits reveal that these night-flying foragers dine almost exclusively on rodents and other small animals, according to Peter Farb in an AUDUBON MAGAZINE article reprinted currently in READERS DIGEST. Yet only 14 of our 50 states protect all species of owls — in spite of the fact they are among the most beneficial of birds, rivaling even the hawks as controllers of rodents that could, except for such natural checks, overwhelm our crops and forests.

Peter Farb also recommends "telling the story of owls" as a worthy conservation project for any group.

According to a recent survey in Texas, newspapers are read by 95% of all homeowners, by 88 percent of all renters, by 97 percent of upper income households, by 91 percent of older households and by 93 percent of younger households. You can reach practically everyone when you advertise in the newspaper.

"Despite the overwhelming evidence of their sheer economic value, owls are being allowed to disappear from the landscape," Farb warns.

"They are being shot. Their habitat is being removed by bulldozers. The 'landscaping' we now give our woods in re-

moving dead timber decreases the nesting sites of these owls that nest in hollow trees. Leaving an occasional dead tree standing in the woods, and placing large nesting boxes high on the trunks of healthy trees, can help correct that."

### Gov. Bryant Aims At Making Florida Top Tourist Mecca

Gov. Elett Parris Bryant has asked for help in revitalizing Florida's tourist industry and leaders in the field have pledged their wholehearted support.

Bryant's Florida Tourism Work Session met at Miami's DuPont Plaza Hotel with some 375 of the top minds in the Sunshine State's number one business in attendance. General chairman of the one-day session was W. B. Ray, director of Public Relations of Silver Springs.

Featured speakers included B. R. Fuller, director of the Florida Development Commission; Robert Nelson, executive director of the Virginia Travel Council; and Bryant, Fuller explained the necessity of increased funds for advertising by the

commission while Nelson told how the Commonwealth of Virginia re-established their travel business.

The governor-elect told how his plans include the cooperation between government and business in further developing

Florida as the world's number one tourist mecca. Attending this first such meeting ever called by an incoming governor were leaders in the fields of hotels, motels, attractions, transportation, restaurants and chambers of commerce.
